Create Static Web App

Basics Tags Review + create

Tags are name/value pairs that enable you to categorize resources and view consolidated billing by applying the same tag to multiple resources and resource groups.

Note that if you create tags and then change resource settings on other tabs, your tags will be automatically updated.

Name	Value	Resource
fb	88	Static Web App
twitter	66	Static Web App
vm1	78	Static Web App
		Static Web App
